Ah
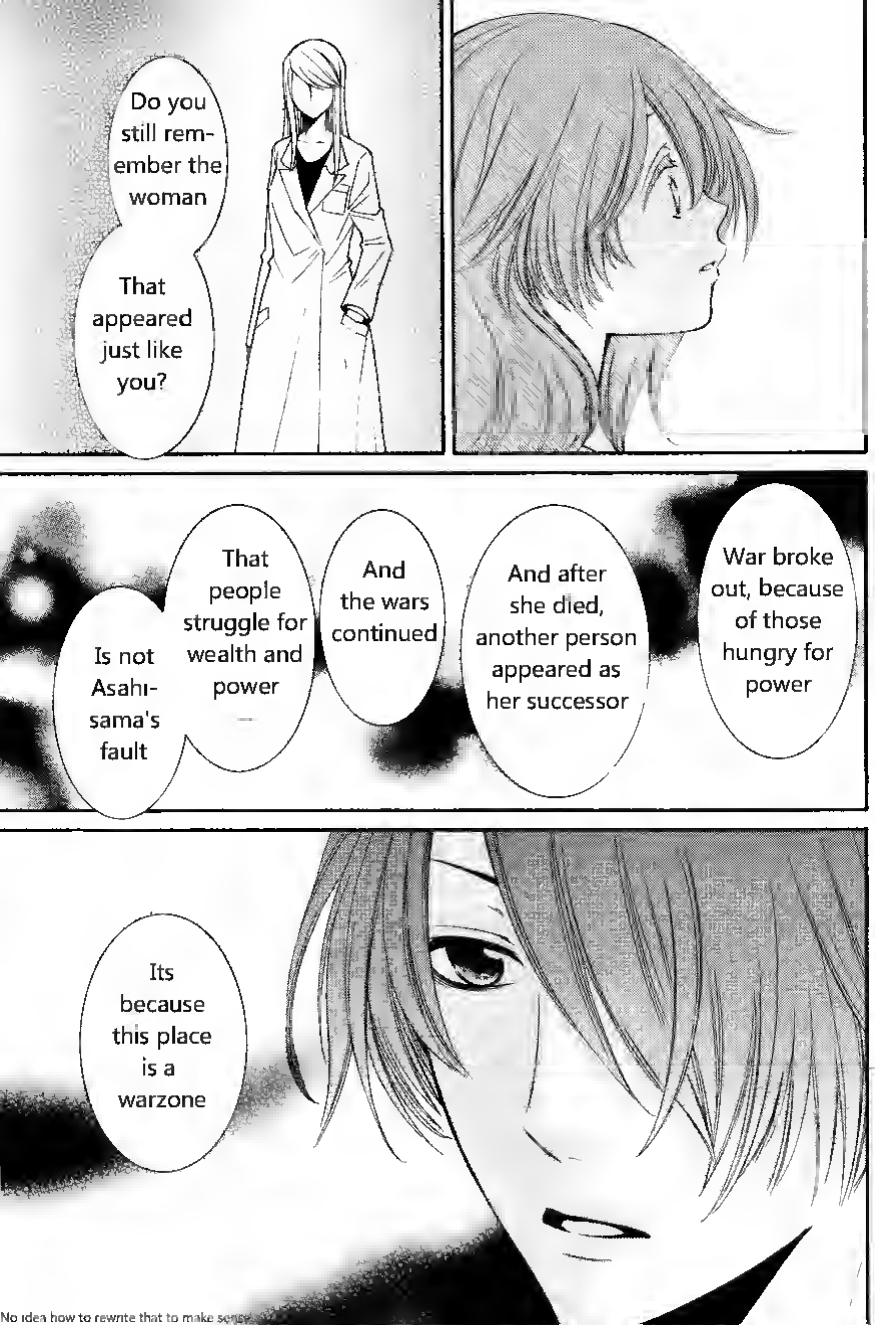
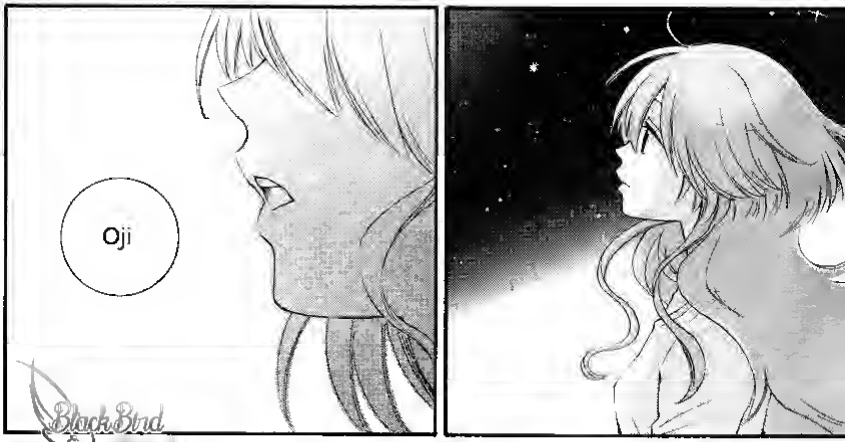
Uh
BlackBird no Tamoshi

When wars break out because of me. I hate it!
What to do ...
I think about ...
Asahi -sama
Isnt it true that you come from a place without war?



Do you still remember the woman
That appeared just like you?
War broke out, because of those hungry for power
And after she died, another person appeared as her successor
And the wars continued
That people struggle for wealth and power
Is not Asahi-sama's fault
Its because this place is a warzone

No idea how to rewrite that to make sense



Its really stupid to translate

Oji-san!
Oi!
Oji-san!
Hey

Black Bird
Kanoko Sakurakouji

Hey you
But youre much older than me right?
Dont tell me youve been calling me that the entire time?

Tonight is a beautiful moonlit night, is it not?
You didnt grow either

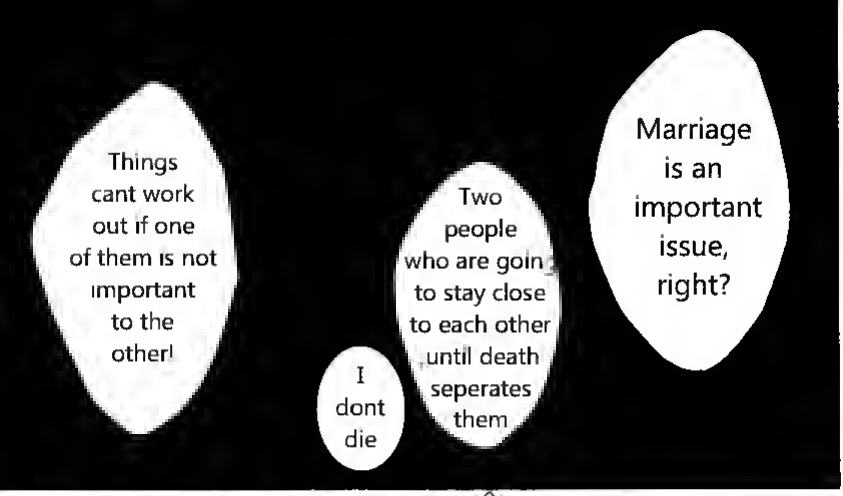
You see
What is a robot?
For you Im just some robot
I dont understand you well



Marriage is an important issue, right?
Two people who are goin to stay close to each other until death seperates them
I dont die
Things cant work out if one of them is not important to the other!

Also for me, YOU AND THIS THING ARE THE SAME!

BlackBird

Well I got it
...
.....
Same Category
You think
...
The other person has to be irreplace-able
Is that what you suggest?

BlackBird no Tansui

Bring me
back to my
world

The truth is that Im scared

That theyll tell me

"Its impossible to go back"

But you would grow old and die until you understood me
I dont care if its just three days every year

Ah
Asahi-sama

I guess its fine if we dont do it
The ritual
We are going to celebrate the lake ritual that was postponed for the fight
Please head over to the lake
Since we are both present

I-
I get it
What are you saying?!
The ritual is for the village, for the villagers
Black Bird
Subaru
Asahi
I will accompany you

You are
...

Black Bird
no tanoshi
Right

Do you recognise this look of mine?
Well ok I wont fool you like Tsukihiko
Black Bird
Kei Tanaka
To those unworthy humans
That took this girl and thought they could claim the power of god
I entrust their punishment to you
What?!

About the rain, if this girl is no good
Then I will not do it
The God ...
BlackBird no Tanoshi

I wonder
...
Was god like this, when I faced him when I was young?

It was frightening, cold

And he ridiculed humans

I dont know what happens

In those three days of the ritual

Mabye
...

Asahi and the god

something happened
...

There is no way to know

If this act had any meaning for them

But
...

Its okay
Even so
I will not lose to the god
When it comes to the feeling of wanting to protect you
